

Mechanisms of How the Body, Soul and Spirit of Mankind interact for Redemption

Introduction

This is a diagrammatical representation of the interactions between our body, soul and spirit and what occurs when a person first becomes a believer in the salvation wrought by Jesus Christ our Lord.

It highlights what occurs to mankind's soul if he does not have salvation when he passes away in death and also what changes occur in the body and soul to a believer when they pass away.

The diagram is designed for use by a Faithchaser so they may be aware of these mechanisms if such a subject comes up in discussion. My philosophy strongly leans toward the saying, "A picture is worth a thousand words."
